

TROUBLESHOOTING

The lamp does not turn on

Check whether the battery insulation tab has been removed

Charge the lamp fully before use.

Make sure the battery is installed correctly.

Make sure you touched the power button.

The lamp does not charge

Check the USB-C connection.

Make sure the adapter or power bank provides **5V / 2A to 3A**.

If using less than 2A, charging may be very slow.

The lamp runs for a short time

The battery may be low.

Recharge fully;

Battery runtime is shorter at higher brightness levels.

IMPORTANT NOTES

If the lamp will not be used for an extended period, unplug it from the power source.

If the lamp has not been used for **3 months**, recharge the battery to help preserve battery life.

Before first use, remove the battery insulation tab.

Use only a suitable **5V USB power source**.

SAFETY

For indoor use only;

Disconnect power before installation.

Do not use near water or with wet hands.

Do not cover the lamp while in use.

Do not look directly into the light source.

Do not disassemble or modify the lamp.

Keep out of reach of small children.

Use only the correct charging input, **DC 5V**.

Stop using the lamp if it becomes damaged, overheats, or does not charge properly.

WARRANTY

18-month limited warranty against manufacturing defects.

Warranty does NOT cover:

Damage caused by misuse or improper handling;

Unauthorized modification or repair

Normal wear and tear;

Damage caused by accidents or external causes.

Email us at support@otusworld.com with your order number to receive an additional 18-month warranty extension.

LED DESK & CLAMP LAMP

User Manual

Model: DL-1807

PACKAGE CONTENTS

- LED Desk & Clamp Lamp
- Rechargeable Li-ion Battery
- USB to USB-C cord: 3.3 ft (1 m)
- User manual

SPECIFICATIONS

- Power: 6W;
- Battery: 1 × 3.7V 18650 rechargeable Li-ion battery, 1500mAh;
- Required charging input: DC 5V / 2A to 3A;
- Charging time: approx. 2.5 hours at maximum brightness (6W);
- Operating time: approx. 3.2 to 4.5 hours at 100% brightness;
- Lifespan: 20,000 hours

KEY FEATURES

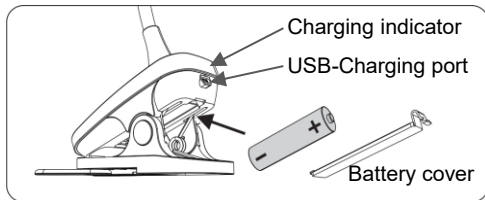

- 2-in-1 design for desktop or clamp use
- Rechargeable battery
- USB-C charging
- Touch on/off control
- 3 color temperature (3000K, 4000K, 5700K)
- Stepless dimming
- Flexible dual-lampshade design
- Memory function for the last lighting settings

HOW TO USE

For first use

Before first use:

1. Open the battery cover.
2. Remove the plastic insulating tab from the positive terminal of the battery.

3. Make sure the battery is installed correctly.
4. Fully charge the lamp before use

BATTERY SPECIFICATIONS

This lamp uses **one rechargeable lithium battery**.

Make sure the battery is installed with the correct **positive and negative directions**.

If the lamp is not used for 3 months, recharge the battery to help preserve battery life.

AKKU DATA

18650 Li-ion RECHARGEABLE

*Manufacturer: Xinxiang Hongli Supply Source Technology Co., Ltd.
Address: West section of Xinglong Road, Xinxiang Economic Development Zone,
Xinxiang County, Xinxiang City, Henan P.R. China
Model: IMR18650-1500mAh

SAFETY INSTRUCTIONS

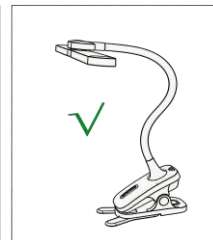

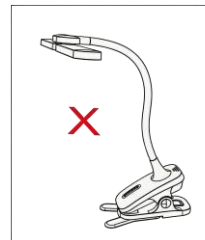

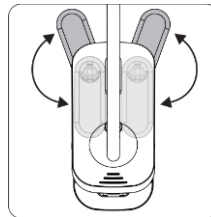

HOW TO CHARGE

1. Connect the lamp to a **USB-C power source**.
 2. Use a **DC 5V / 2A to 3A** adapter or power bank;
 3. The **red indicator light** stays on while charging. Charging time: approx. 2.5 hours
 4. When charging is complete, the red indicator light turns off.
- If using an adapter below **2A**, charging will be slower.

HOW TO USE

When using without a clamp (as a desk lamp), pull out the base support feet and bend the gooseneck backward so the lamp head is positioned above the base. This keeps the lamp stable and prevents tipping.

ON / OFF button

Press the touch control once to turn the lamp on or off.

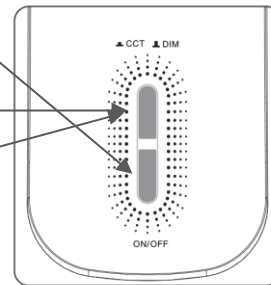

CCT button - COLOR TEMPERATURE

Short press to switch color temperature:

3000K, 4000K, 5700K

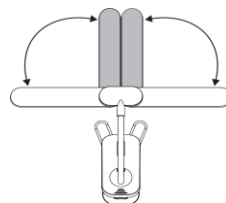

DIM button - DIMMING

Press and hold to adjust brightness continuously.
The lamp supports **stepless dimming**.
